TOMBSTONE.

County seat of Cochise county and an important mining center on branch of the El Paso & South-western railway from Fairbank. First settled in 1878. Tombstone had a remarkable growth until 1882, when it had about 12,000 people. When the mines were compelled to shut down on account of the enormous amount of water struck, its population gradually decreased, until in April, 1903, only about 600 people were left. With the advent of the railroad the new Tombstone came into existence, and is once more a busy mining camp, with work on all sides. One of the most beautiful natural sites for a city in Arizona, with a climate unsurpassed anywhere. Broad streets, handsome shade trees and a profusion of flowers make it the Mecca for health-seekers and tourists. Population 1,500. Altitude 4,600 feet.

TUCSON, ARIZONA

TUCSON.

Tucson, the metropolis of Southern Arizona, has a population of 28,000 and is the largest and most important city between El Paso, Texas and Los Angeles, California. It is located on the main line of the Southern Pacific and the El Paso & Southwestern Railroads as a terminal point; 53 hours travel from Chicago with through sleeper service. It is the terminus of the Southern Pacific of Mexico Railroad. These three main line railroads insure Tucson's industrial and commercial supremacy and make this city the distributing point for Southern Arizona and the gateway to the rich West Coast of Mexico, an inland empire as large in area as all New England.

Tucson is truly a city of diversified resources. The largest copper mines in the world are located within a radius of a hundred and fifty miles. Surrounding Tucson are vast areas of mesa and valley lands over which thousands of cattle graze annually. The Santa Cruz and Rillito valleys provide 50,000 acres of the most fertile land in the West. In addition to these three basic resources, the business life of the city is greatly stimulated by it being a railroad terminus, a commercial distributing point, an educational center and a rendezvous for those seeking a mild healthful climate.

Owing to its altitude of 2,412 feet, Tucson's atmosphere is excessively pure, light, dry, clear, free from dust, smoke and other impurities. With a maximum amount of sunshine, a minimum of humidity and rainfall and low temperatures a rarity, out-of-door life can be enjoyed twenty-four hours every day in the year.

Arizona's educational system is rated third in order of excellence in the entire United States. Tucson is the seat of the State University which comprises three colleges, Letters, Arts and Sciences; Mines and Engineering, and Agriculture. A Law School and School of Music are also included. The campus of one hundred acres, artistically landscaped, has twenty-five large, attractive buildings and is a beauty spot of the city. A new \$750,000 high school now under construction will be the finest in the Southwest.

Tucson enjoys the reputation of being a clean, modern, progressive city with paved and improved streets, gas, electricity, street cars and up-to-date stores. The water supply is obtained from pure deep wells. The city has numerous first class tourist

and commercial hotels. Churches of every denomination and all fraternal brotherhoods are represented. Business and professional interests of the city are well organized with the Chamber of Commerce serving as a clearing house for their interests. The Rotary and Kiwanis Clubs, the Y. W. C. A., Y. M. C. A., Woman's Club, Musical Club, Golf and Country Club, and Old Pueblo Club contribute to the civic and social welfare of the city. The many historic attractions prove of interest to visitors as well as to residents of the city.

WILLCOX.

An incorporated city in Cochise county on the Southern Pacific railway, 232 miles west of El Paso, Texas, 50 miles west of line of New Mexico, near the head of Sulphur Springs Valley. Has an ideal climate, mild winters and cool summers. Surrounded by picturesque mountains with their mineral wealth. The soil is productive and from experience it has been demonstrated that it will produce any crops adaptable to the southwest country. The valley which so long has been excellent grazing land is filling up rapidly with settlers. An abundant supply of pure water can be had at a depth of 30 feet and many pumping plants have already been installed. It is the supply point for excellent mining district. Population with surrounding neighborhood 1,000. Altitude 4,160 feet.

MINERS AND SHIPPERS OF "CERRILLOS" ANTHRACITE AND BITUMINOUS
COALS AND "MADRID" SMITHING COAL

"CERRILLOS" ANTHRACITE is better than any Anthracite Coal
marketed west of Chicago.

"CERRILLOS" BITUMINOUS is the most profitable for dealers to
handle and the most satisfactory for domestic purposes
of any coal marketed in New Mexico or Arizona.

"MADRID" BLACKSMITH COAL is the equal of any smithing coals.

Climatically Correct Paints, Art Glass and Mirrors

A FEW LEADERS

MOUNTAIN & PLAIN PAINT: Is good paint. Made in the West for Western climate. Gives maximum protection at a minimum price. **OUR GUARANTEE**—When used according to directions, if not found satisfactory, we will repaint the building at our expense.

FLATINOLA: The ideal wall coating from every standpoint. Made in Sunny Yellows, Restful Greens, and Cool, Inviting Blues. Perfectly washable and sanitary. Is easily applied and flows on without brush laps.

FLOOR ENAMEL: For interior use, can be applied in the evening and walked on in the morning. It is very durable and has a lasting luster.

EMOLA FINISH: A high grade varnish into which has been ground Permanent Stain. It is absolutely non-fading and is unexcelled for floors, furniture or general interior work.

EMOLITE: An Enamel that is unsurpassed for interior or exterior work. When used over our Enamel Undercoat, Emolite will retain its beautiful luster and depth of tone indefinitely. Made in White, Light Gray, Ivory and Pale Blue. Recommended for fine residences, hospitals and any place where the best enamel finish is desired.

YOU Need the Directory

IN YOUR CREDIT DEPARTMENT

The easiest and quickest way to check up statements and references of applicants for credit is by consulting the alphabetical section of the Directory. Everybody who is anybody can be found within the pages of the Directory.

IN DELIVERING GOODS

Reduce errors and complaints by verifying addresses before delivering merchandise and thus insure prompt delivery.

IN COLLECTING MONEY

The Directory can trace debtors who have moved better than any other medium. Thousands of dollars are recovered annually by our subscribers, which would otherwise be lost.

Clara Barton Hospital

447 SOUTH OLIVE ST., LOS ANGELES

Located near the heart of the business center of the city on a quiet street of easy access for the busy physician, this modern hospital has earned an enviable reputation for good service to its patients and a "square deal" to the attending physicians. A new, absolutely fire-proof, six-story addition has just been completed, in which we have two model operating rooms that from points of perfection are not excelled by any in the United States.

A School for the thorough training of nurses is connected with the hospital.

J. H. GALE, JR., NEW YORK

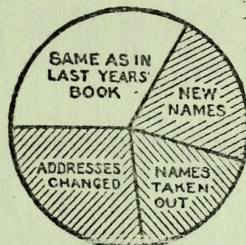

My dear Sir:
I have the honor to acknowledge the receipt of your letter of the 29th inst. in relation to the matter of the purchase of the rights in the "Waterbury" trademark for the purpose of manufacturing and selling the same in the United States.
I am sorry to hear that you have been unable to obtain the necessary information from the British authorities. I have, however, been able to ascertain that the "Waterbury" trademark is a well-known one in this country, and that it is not necessary for you to obtain a license from the British authorities in order to manufacture and sell the same in this country.
I am, therefore, glad to hear that you have decided to proceed with the purchase of the rights in the "Waterbury" trademark. I am sure that you will be able to obtain the necessary information from the British authorities, and that you will be able to manufacture and sell the same in this country without any further delay.
I am, Sir, very respectfully,
Yours truly,
J. H. GALE, JR.

Why Use the Latest?

FEW PEOPLE REALIZE HOW MANY CHANGES OCCUR IN A CITY'S POPULATION DURING A SINGLE YEAR.

THE ACTUAL CHANGES ARE SHOWN BELOW:

New names written in.....	22%
Old names taken out.....	19%
Changes in location.....	29%
TOTAL CHANGES.....	70%

This shows the danger in trusting to an old edition of the Directory. It may be right, but is apt to be wrong. It is cheaper to buy a new book than to take chances.

A SUGGESTION

Before using a directory anywhere, look to see if it is the latest edition. The merchant who does not keep the latest Directory for his customers' convenience, does not show them a courtesy they may obtain elsewhere.

YOU SHOULD BE REGISTERED

Under every heading in the Directory where people might look for you. The Directory is the natural buyer's guide, and one glance at the advertising section will convince you that keen business men realize this fact.

Your name in bold type under the headings not only gives you an advantage over competitors not so described, but protects all other advertising you may do.

Frequently the desire to purchase is not aroused until the display advertisement that suggested it is misplaced or thrown away. Then the natural place to look is in the Directory.

THE COST

Of registration is so slight when one considers its value, and the fact that it is working 365 days in the year, that no live concern can afford to overlook it.
